The Toilet Paper

Atlanta-Area Companies Join Hands to Trade Ideas

A group of portable restroom operators in Metro Atlanta has banded together to share equipment, ideas, & resources. The group formed to address changes in the industry and to help each other weather the economic downturn. Members have a minimum of 5 years experience and are active members of the Portable Sanitation Association International (PSAI). To learn more about PSAI visit them at www.psa.org.

The group is working to dispel the notion that portable restroom service is commodity. **There is a difference** with PSAI certified companies...it begins with professionalism

and defines processes, cleaning procedures, and standards.

By working together, the group has identified new vendors with better pricing to help maintain some supply costs.

The group hopes to impact legislation and regulation effecting operating procedures in the portable sanitation industry such as waste disposal, health & safety issues, and insurance requirements.

New & Improved Web-Site is Launched!!!
